PRODUCT FEATURES

Standard on all wheelbarrows

BENT FRONT BRACES

Heavy gauge, powder coated steel braces are designed for durability (exceeds 1,200 lbs of pressure).

HEAVY-DUTY PAN & HARDWARE

Our patented shovel-friendly pan is formed from UV-stabilized, heavy gauge high-density polyethylene (HDPE) and secured to the chassis with smooth, recessed bolts and premium flange nuts.

RIGID NOSE PIECE

Powder coated, heavy gauge steel to ensure a rigid, durable frame assembly.

NORTH AMERICAN HARDWOOD HANDLES

Varnished handles are engineered for heavy use and efficient lifting.

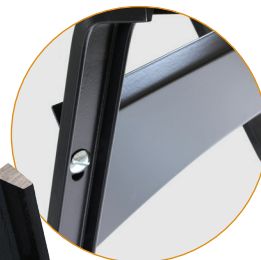

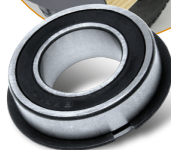

RUGGED WHEEL ASSEMBLY

Sturdy 3/4-inch steel axle, tires for any terrain and sealed precision bearings that resist moisture and dirt.

SEALED PRECISION BEARINGS

STRUCTURAL STEEL CHASSIS

ROBUST CHASSIS

Powder-coated, structural steel chassis is flared for lateral support and features an arched steel stabilizing plate that allows for additional foot clearance.
