# Clipper GC55 Small Push Walk-Behind Saw - Gas

BEST

With a compact, light-weight design backed by the reliable Honda 5HP gasoline engine, the GC55 early entry saw is intended for a variety of applications. From green, cured or decorative concrete cutting to expansion joints, the features of this small push saw are hard to beat in a single saw. The low, wide profile of the frame, along with the front mount blade, contribute to producing a more disciplined cut.

**Power Source :** Gas

**Engine Power :** 5.5

**Propelling :** Push
