

RCB-25 REBAR CUTTER & BENDER 5/8" CAPACITY

220025

JET® Rebar Cutter/Benders are designed for durability and easier operation. JET Rebar Cutter/Benders use a needle bearing design that makes for easy one-handed use when it is bolted down. The high-carbon alloy tool steel jaws and body permits cutting and bending of up to 5/8 inch round grade 60 rebar and bends up to 180 degrees.

FEATURES

- Durability
- High strength steel jaws permit the cutting of material up to a 48 Rockwell Hardness for industrial applications
- Mountable on a board or floor allows for one-handed operation
- Performance
- Cuts and bends up to 5/8 inch, grade 60 rebar for a variety of applications
- Easier cutting with the needle bearing design reduces operator fatigue

SPECIFICATIONS

Capacity (In.)	5/8 (Grade 60 Rebar)
Max Material Hardness	HRC-48
